

Dr. Basil Burke is currently Chief Executive Officer of UWI Consulting, a wholly-owned subsidiary of the University of the West Indies. He leverages his knowledge of the University and his relationships with seasoned colleagues and young experts to harness the intellectual capital of the academics to benefit the region.

Prior to joining UWI Consulting, Dr. Burke was Principal of ELGAE Associates and CEO of ORBIS Consulting International, a California based LLC. At Theranos Inc, Basil was responsible for alliance management, commercial positioning, and pharmaceutical development deals within Theranos. His career in the biotechnology industry includes over 25 years experience in transactions, deals, and technology transfer, as well as in leading multi-disciplinary management and research teams in industry and academic

environments.

Prior to joining Theranos, Basil held several senior executive positions at Clinimetrics Research Associates, including VP of Drug Discovery and Development, COO of Clinimetrics Biomedical, and VP of Alacritas Biopharma, a spin-off of Clinimetrics. Basil was Founder, President and CEO of Plant Research Technologies, Inc. a privately held research and product development organization, as well as President and later Chairman of the Board of NorCal SETAC. Basil holds a Ph.D. from the University of the West Indies, and was a Senior Fulbright-Hays Fellow at Stanford University.
